

SHAVANO PARK OUTDOOR KITCHEN

AFTER

BEFORE

DESCRIPTION:

The outdoor kitchen that we added included these elements:

- A new arbor above the kitchen providing dappled light over the new kitchen area
- New light fixtures over the grill and seating areas
- Kitchenaid outdoor appliances including a 36" grill, a side burner, and an undercounter refrigerator
- A new sink with a grey water drainage system
- Stone clad cabinetry
- Stainless steel cabinet doors
- Cast and integrally stained concrete countertops around the sink and the pass through bar area

SHAVANO PARK OUTDOOR KITCHEN

AFTER

BEFORE

DESCRIPTION:

The outdoor patio area to this Shavano Park home was in need of some attention. The deck and ceiling were rotten in several areas, and the owners wanted to add a full outdoor kitchen.

To the patio area our team:

- Demolished the existing wood deck and ceiling
- Installed a flagstone patio over a new concrete slab
- Replaced wood ceiling with milled natural cedar tongue and groove
- Replaced existing fan and recessed fixtures
